Itâ€™s All In Our Mind - The LIGHT BRINGERS - Eliminating The Illuminators

"I wrote the stuff based on what I just happened to catch the tiniest glimpse of in one of those moments of â€“ wondering. It was like a crack in the armor of this luciferian illuminati driven MATRIX web. At first I just reasoned, NO WAY. However, I saw what I saw. A little slip up in allowing just a bit to much information being allowed to link together at the same time and I knew what the implications were going to be if this could be borne out to be as I suspected.

What I suspected, (and had to stop for 4 months to come to terms with what I suspected), was that the whole universe and everything in it was a lie, a hoax, an illusion, perpetuated by hypnotic suggestion through the thought process. A system that would self perpetuate to bring imprisonment to who we really are, that would disconnect us from our paradise state of power and wisdom, and would ultimately throw the KEY away so there would never be any means of escape. This blog site reveals what that key is, and everyone is still in possession of it and always will be." (B. Kemila)

Corinna

Eintrag (englisch) auf einem Blog über Bryan Kemila und zur Erklärung seiner Methoden - und überhaupt recht interessante Behauptungen zur Sprache:
